Name _____ Date _____

Read the Facts

nonfiction

Read. Circle the answer. Write a fact.

Snakes

Snakes have no legs. They move by bending their long bodies. A snake flicks its tongue to smell the air. As it grows, a snake sheds its old skin. Snakes cannot chew, so they swallow their food whole.

1 **What does a snake shed?**

fur | skin | feathers

2 **What does it smell with?**

tongue | tail | eyes

3 **Write one fact.**

_____

Answer key
